

Aurigami · AH1-AH4

Source flag → main / backup selection

Reporter + aggregate times → updated record

Fathom · FH1/2/4/5

Return/getter validity → retained record condition

Pre/post records + source call → evaluation/promotion

Felix · XH1/2; single XH3B

Return flag + events → initial disablement

Earlier disable history → later retained read

Mento · MH1/2/4/5

Old report time + invocation time → transition

New report + event → submission and resulting record
